The school facilitates optional denominational religion for those wishing to avail of same on our online learning platform - Seesaw. This optional work is completed from home in conjunction with both the workbook - I nGrá Dé, and the work assigned on Seesaw by the class teacher. We follow the religious instruction series - I nGrá Dé.

At present: Catholicism to include teaching of prayers for the First Communion / Confirmation Preparation and Presbyterianism are catered for remotely via Seesaw. After school instruction for sacraments is facilitated with practise in the hall after school and in the church, in the run up to the sacraments.

Every effort will be made to facilitate the instruction of other Religions outside of school hours if requested at enrolment. All children are treated equally and every belief/philosophy is considered equal as part of our multi-denominational ethos.
